**Make No Mistake.**

By dispelling the symptoms so often mistaken for consumption, SANTA ABIE has brought gladness to many a household. By its prompt use for breaking up the cold that too often develops into that fatal disease, thousands can be saved from an untimely grave. You make no mistake by keeping a bottle of this pleasant remedy in your house. CALIFORNIA-CAT-R-CURE is equally effective in eradicating all traces of Nasal Catarrh. Both of these wonderful California remedies are sold and warranted by Osburn & Shoemaker, wholesale and retail agents. $1.00 a package, 3 for $2 50.

SLEEPLESS NIGHTS made miserable by that terrible cough. Shiloh's Cure is the remedy for you. For sale by Osburn & Shoemaker.

**Don't** Trifle with any Throat or Lung Disease. If you have a Cough or Cold, or the children are threatened with Croup or Whooping Cough, use Acker's English Remedy and prevent further trouble. It is a positive cure, and we guarantee it. Price 10 and 50 cents.

W. PINNIGER, Druggist.

**Thousands of Dollars.**

Are spent every year by the people of this State for worthless medicines for the cur of throat and lung diseases, when we know that if they would only invest $1 in SANTA ABIE, the new California discovery for consumption and kindred complaints, they would in this pleasant remedy find relief. It is recommended by ministers, physicians and public speakers of the Golden State. Soldand guaranteed by Osburn & Shoemaker, Reno, Nevada, at $1 a bottle. Three for $2 50.

The most stubborn case of catarrh will speedily succumb to CALIFORNIA CAT-R-CURE. Six months' treatment for $1. By mail $1 10.

When baby was sick, we gave her Castoria,
When she was a Child she cried for Castoria,
When she became Miss, she clung to Castoria,
When she had Children, she gave them Castoria

A NASAL INJECTOR free with each bottle of Shiloh's Catarrh Remedy. Price 50 cents. Sold by Osburn & Shoemaker.

**Merit Will Tell.**

Was never better demonstrated than when "Fryer's Abietene Remedies" were awarded diplomas at the late California State Fair at Sacramento and at the Mechanics Institute at San Francisco. W. Pinniger is agent for these celebrated "Abietine Remedies" and he offers to return your money if they do not give satisfaction. In buying, be sure the fac-simile signature of D. F. Fryer is on each, as none are genuine without it.

SHILOH'S CURE will immdiacetely receive Croup, Whooping Cough and Bronchitis. Sold by Osburn & Shoemaker.

**At Night** Always have Acker's Baby Soother at hand. It is the only safe medicine yet made that will remove all infantile disorders. It contains *no Opium or Morphine*, but gives the child *natural ease from pain*. Price 25 cents. Sold by

W. PINNIGER, Druggist.

SHILOH'S VITALIZER is what you need for Constipation, Loss of Appetite, Dizziness and all symptoms of Dyspepsia. Price 10 and 75 cents per bottle. Sold by Osburn & Shoemaker.

**Old** And reliable Medicines are the best to depend upon. Acker's Blood Elixir has been prescribed for years for all Impurities of the Blood. In every form of Scrofulous, Syphilitic or Mercurial Diseases it is invaluable. For Rheumatism, has no equal.

W. PINNIGER, Druggist.

**The Verdict Unanimous.**

W. D. Sult, druggist, Bippus, In., testifies: "I can recommend Electric Bitters as the very best remedy. Every bottle sold has given relief in every case. One man took six bottles, and was cured of rheumatism of ten years' standing." Abraham Hare, druggist, Bellville, Ohio, affirms: "The best selling medicine I have ever handled in my 20 years' experience, is Electric Bitters." Thousands of others have added their testimony, so that the verdict is unanimous that Electric Bitters do cure all diseases of the liver, kidneys or blood. Only a half dollar a bottle at S. J. Hodgkinson & Co's. Drug store.

WILL YOU SUFFER with Dyspepsia and liver complaint? Shiloh's Vitalizer is guaranteed to cure you. For sale by Osburn & Shoemaker.

**The reason** Why Acker's Blood Elixir is warranted, is because it is the best Blood Preparation known. It will positively cure all Blood Diseases, purifies the whole system, and thoroughly builds up the constitution. Remember, we guarantee it.

W. PINNIGER, Druggist.

SHILOH'S Cough and Consumption Cure is sold by us on a guarantee. It cures Consumption. Sold by Osburn & Shoemaker

W. PINNIGER, Druggist.

**Sensible Breeding.**

In speaking on the subject of sensible breeding the Breeders' Journal says:

"Common sense is very uncommon as a rule, and not confined to any trade, profession or business. In breeding pure-bred live stock of any kind, too much stress is usually laid on the breeding for 'point,' which points are too often merely artificial and of but little economic value. Undoubtedly these 'points' count in the price and value to the 'fancy,' in extra fine specimens of thoroughbreds, but if all were to strive for them, with that idea paramount to any other, the breeders would, ere long, be in the same condition that hundreds are to-day who took 'points' for what they had at the start.

"Aimless breeding is about as bad, and perhaps worse—as breeding for strictly fancy points or markings. And all breeders, whether pure-bred or high class grade stock is produced, should have some well defined object in view, and that object should have a sound foundation of economic value. If in cattle, let it be beef, or milk, or butter, but never all combined, for it can't be gotten, for animal life is too short and the hide of a cow is too small to enable a breeder to combine all these desirable qualities, in an eminent degree, in any breed or single animal. It may take a number of years for any breeder to attain a high average standard in his herd, yet it can be done and with very little more cost than to breed carelessly, with the advantage of having secured, as you progress, a greater profit from the herd, and having much more valuable animals if you wish to dispose of them. It pays, rest assured. And it is equally as true with sheep, swine or poultry as it is with cattle. The very best wool sheep are not the best mutton and lamb sheep and vice versa, nor can you find a breed that has superlative excellence in both qualities. In swine, we can't find one breed that will surpass all the other breeds in early maturity, hardiness, great weight, large size, heavy in desirable parts and light in undesirable ones—all the good and economic qualities in one breed. There has been no breed of poultry yet discovered or made which will show up ahead of all other breeds for large size, hardiness, great laying qualities and attractiveness. Each breed has been formed for some special purpose and they should be bred with that end in view, for no amount of crossing will ever bring a general purpose breed of any kind, if we desire the extremes in the desirable qualities.

**Where Hides Come From.**

The bulk of salted hides come from South America, but the quality has deteriorated of late, owing to the improved breeding of cattle, so that the pelts have fallen off in growth. The Rio hides are usually well flayed, but the grain is liable to be damaged by "ticks." Formerly most of the salted hides were imported from South America, but the Cape is now almost as large a producer of pelts, and they are in some respects the best that find their way to the market, though, as a rule, they are indifferently flayed, and not infrequently marred by weighty offal and scratched grain. The north of Europe likewise contributes largely to the British and American hide marts; and while the flaying is reasonably good, the abnormal growth of Scandinavian pelts largely limits their use to the dressed leather specialty. Taken all in all, salted South American hides are more reliable and satisfactory than those obtained from any other quarter of the globe, and find a readier sale in the market. Day Capes are prime favorites with American tanners, who think it to their interests to forestall English buyers, securing the best lots by paying two cents a pound more than the highest figure the latter will offer. Dry Japans are held in favor by some tanners, while others find a serious objection to their purchase in the fact that too much flesh is left on them generally, and the offal too heavy for the substance of the pelts. A few years ago large consignments of China hides found ready sale in this country, and their remarkable cheapness and apparent good quality raised the hopes of leather manufacturers that they had at last found a perfect bonanza. True to the native instincts of the "heathen Chinese," however, the article proved a delusion and a snare, and was so heavily weighted with flesh as to be unprofitable, besides being very hard for most tanners to manipulate, and a great deal of money was sunk by those who experimented in the handling of them. Then there are other classes of hides exported from Persia, Arabia and Zanzibar. Some of these make a very satisfactory quality of leather, but they come in such small quantities as not to cut any figure in the market.

The Niobrara Land and Cattle Company, at East St. Louis, made an assignment last week. The liabilities are $350,000 and the nominal assets $250,000.

**Give Them a Chance!**

That is to say, your lungs. Also all your breathing machinery. Very wonderful machinery it is. Not only the larger air-passages, but the thousands of little tubes and cavities leading from them.

When these are clogged and choked with matter which ought not be there your lungs cannot half do their work. And what they do, they cannot do well.

Call it cold, cough, croup, pneumonia, catarrh, consumption or any of the family of throat and nose and head and lung obstructions, all are bad. All ought to be got rid of. There is just one sure way to get rid of them. That is to take Bosehee's German Syrup, which any druggist will sell you at 75 cents a bottle. Even if everything else has failed us, you may depend upon.

**Their Business Booming.**

Probably no one thing has caused such a general revival of trade at S. J Hodgkinson & Co. drug store as their giving away to their customers of so many free trial bottles of Dr. King's New Discovery for Consumption. Their trade is simply enormous in this very valuable article from the fact that it always cures and never disappoints. Coughs, Colds, Asthma Bronchitis, Croup, and all throat and lung diseases quickly cured. You can test it before buying by getting a trial bottle free large bottle $1. Every bottle warranted

IT would be well for those people who think that an injustice is being done the condemned Anarchists to carefully consider the matter. One of the clearest presentations of the case we have seen of late is the following from a western exchange: "All the Anarchist outcry against the conviction of the Chicago dynamiters makes the argument that it was not proved that either of these men threw the bomb that did the murders. By this the Anarchists admit that he who threw the bomb would be justly convicted and executed. They make a distinction between the organizers of the assassin bands, the movers of dynamite bomb throwing by incendiary harangues, prints and other excitings, and the duped followers who do their bidding. They virtually give up their brothers to justice for doing what they incited them to do. No such distinction is set up in any other kind of banded outlaws. In no other banding against society and law do the leaders and instigators of the acts of robbery or bloodshed assert an innocence on their part which gives up their followers to be executed by justice. The common sort of the Anarchists and Socialists should mark well this line which the organizers and instigators of assassination have drawn, by which they abandon the instruments of their plots to the justice of the law, while they assert innocence for themselves by the plea that they only incited the murderous act, but did not put their hand to it. The simple people who are drawn into these dark-lantern societies by the vague idea that their condition is to be raised by a revolution in the social order and the dissolution of government; the simple followers think that the orators and writers who command to do this bloody work have a part in it and take upon themselves its dangers. But they find that when they have been wrought up to madness by this simulated madness of their leaders, and have put in practice their teachings, incitements and commands, the incendiary baranguers draw a line of distinction between themselves as teachers and their followers as doers of their teaching, by which they argue that they are only exercising the harmless freedom of speech, and by the same argument they give up the actors of their plot to the law's justice. Every Anarchist attack upon the conviction of the Chicago Anarchist leaders has admitted that if the man who actually threw the bomb had been identified and convicted his hanging would be just. Yet on the principle of the law of all mankind this condemns the whole gang. In general the banded outlaws, the conspiracies and rebellions have had a rigid rule of fidelity to one another. It is the one redeeming trait of the outlaws. In none of these has been seen such a rule of treachery of leaders to followers and tools as is set up by these haranguers of dynamite bomb-throwing between their innocence and the crime of those who did their bidding." After the duped followers of these scoundrels see them in their light, there will not be much sympathy wasted on them.

BOARDS of Trade are organizing throughout the counties of California. Each County Board names from one of its number a person to represent the county in the State Board. The State Board has on exhibition all the different products from the various counties of the State. On the arrival of a tourist at any hotel in the city he receives a card of invitation to visit the rooms of the State Board of Trade. Hundreds and thousands of tourists here avail themselves of the opportunity to see the products of California and to get descriptive circulars. Circulars of information are distributed at Omaha and Ogden and it is now proposed to distribute them on the cars at Reno. This is enterprising and common business sense. Like enterprise and sense should be shown by the people of this State; if such were shown prosperity unparalleled in the State's history would follow.

PHI GAMMA DELTA FRATERNITY has a chapter of eighteen members in the California State University and is said to be the most prosperous of all the fraternal chapters in that institution.

CONSIDERABLE doubt is expressed as to whether or not the Educational Association will meet in San Francisco next season.

## Ten Thousand Negro Laborers on a Strike.

## ANARCHISTS WORKING.

## Chicago Visited by a $25,000 Blaze.

## YELLOW FEVER IN FLORIDA.

## Editor O'Brien Refuses to do Menial Prison Work.

[PRESS DISPATCHES TO THE GAZETTE.]

**Foreign Anarchists at Work.**

PARIS, Nov. 3.—U. S. Minister McLean, in a letter acknowledging the receipt of the communication of M. Barodet, President of the Commission, that was left in the Chamber of Deputies, to the Governor of Illinois, praying for clemency for the condemned Chicago Anarchists, says: "I have already informed you that the death penalty in the United States is limited to common law crimes, and that it is never exercised for political offenses. While feeling that it is necessary to point to this distinction I don't hesitate to say that I am interested in any step to spare human life. I have cabled to the Governor of Illinois, calling his attention to your dispatch."

**Ten Thousand Negroes Striking.**

NEW ORLEANS, Nov. 3.—At present over 10,000 negro laborers are on a strike. White men are working on sugar plantations, holding that the demands were unjust and refusing to join them. As negroes are in large majority everywhere throughout the sugar district, and as they are determined neither to work themselves at present prices nor allow others to work, further trouble is looked for. Planters are determined to introduce new laborers, and a large number of warrants for eviction of strikers have been served.

**Trouble in Indian Territory.**

VINITA, Indian Ty., Nov. 3.—A special messenger from Tahlequah reports that the greatest excitement prevails at the capital of the Cherokee nation. Half of the inhabitants of the city have fled to the timber for refuge from impending war, which will probably begin on Monday. The dispute is over the election of a chief of the Cherokee nation.

**Another Nihilist Plot Unearthed.**

VIENNA, Nov. 3.—A dispatch from St. Petersburg to the *Politische Correspondez* says that another Nihilist plot has been discovered. The headquarters of the conspirator is in the house of an apothecary by the name of Schuppin Jekatermerhof. The police raided the house and made several arrests. They also found a number of bombs.

**A $25,000 Blaze.**

CHICAGO, Nov. 3.—A fire this morning in the Chicago Club room caused a wild panic among the guests of the Palmer House and the Clifton House, which adjoin the Club on the east. Scores of guests sprang out of bed and rushed in terror to the street. A stream of water that was soon playing on the stairways and elevator shafts relinquished the fire. The loss is $25,000; fully insured.

**A Religious Event.**

LONDON, Nov. 3.—The Truro Cathedral was opened to-day by the Prince of Wales. This is the first cathedral built in England by the established Church since the Reformation. A throng of distinguished people attended the ceremonies, which were imposing.

**Extensive Gold Discoveries.**

LONDON, Nov. 3.—The Imperial Commissioners at Cape Colony officially notified the home Government of the discovery of extensive gold fields in the Namaqua land, in the northwest part of Cape Colony District.

**Fire Damp Explosion.**

LONDON, Nov. 3.—An explosion of fire damp occurred this morning in a lead mine at Mattock, county of Derby. Twenty-five men were in the pit at the time of the fire. The dead bodies have been removed.

**A Terrific Gale.**

LONDON, Nov 3.—A terrific gale prevailed on the English channel throughout the night. Two vessels were driven ashore in Pigwell bay.

**Editor O'Brien Defiant.**

DUBLIN, Nov. 3.—O'Brien has given warning to the Governor of Tullamore jail that he will refuse to do menial office work, swear prison guards or associate with criminals.

**Yellow Fever in Florida.**

JACKSONVILLE, Fla. Nov. 3.—There were seven new cases of yellow fever at Tampa and two deaths during the 24 hours ending last night. There is no yellow fever outside of Tampa.

**A Big Strike.**

BRUSSELS, Nov. 3.—Sixteen hundred miners have struck work in the Betigina district. A renewal of rioting is feared.

**Dead Bodies Washed Ashore.**

BOULOGNE, Nov. 3.—Fifty-nine fishermen have been missing since the gale. Seven bodies lashed together were washed ashore.

**TELEGRAPHIC BREVITIES.**

—Bar silver, 95½.

—The Duke of Sutherland is dangerously ill of congestion of the lungs.

—The Wild West show closed in London Monday night. An enormous audience was present.

—The jury was completed yesterday in the case of Frank T. Northey, on trial for jury-bribing, and the Court adjourned till to-day.

—The Irish Prison Board, Dublin, has directed that O'Brien wear the prison uniform and be treated in every way as an ordinary prisoner.

—Complete returns from the municipal elections in England show a gain for the Liberals of 78, and for the Conservatives and Dissentient Liberals of 62.

—Miss Anna Sachs, who threw a pancake at Mrs. Cleveland during the President's visit to St. Louis, was released yesterday on appeal by payment of $15.

## A FIRE DEPARTMENT.

**An Interesting Chat With a Prominent Taxpayer this Morning.**

"What do you think of the recommendations made by the Grand Jury for a fire department in Reno?" asked a GAZETTE reporter this morning of a heavy taxpayer in town.

"Well, to be candid, I cannot understand the recommendations, nor can I see the propriety of having the Grand July act in the matter. Reno needs a good fire department; that is certain. But we have a Board of Fire Commissioners, consisting of H. Fogg, T. K. Hymers, J. B. Williams, D. B. Boyd and J. L. McFarlin, whose duty it is to attend to the matter. I was talking with one of them only a few hours ago, and he said that the Board intended holding a meeting in a few days, or just as soon as they could learn just what was needed, and submit their report to the County Commissioners, who would probably hold a special meeting, if necessary, and act on the matter at once."

"What do you think of the Grand Jury's recommendation to purchase three horses, extend the present engine house to afford stable room and to create a corps of paid firemen?"

"As I said before, Reno needs a fire department, and needs it badly. Our town is no longer a venture; many people have found it a good place to make homes in, and it is bound to grow. But we can't afford to put on city airs yet. They cost a whole lot of money, and already many tax-payers complain of the present very reasonable rates imposed on them. But to have the fire department, that in my estimation is needed, will incur a monthly expense of from $150 to $175. In the first place I would advise the purchase of a lot, suitably located, for an engine house. The Central Pacific Railroad Company owns the ground the present engine house is on, and from what I understand, we can get a lease of it only from year to year. The lot and a suitable building on it need not cost much, and it will be public property, and will increase in value as the town grows. To build on ground that you can't get a lease on for a longer period than a year is not safe, nor is it business. I would also advise that two companies be formed; that the members have a comfortable room to meet in; that gum coats and, if necessary, hats be bought for them, and that each company be allowed $20 or $25 a month out of the public funds with which to pay incidental expenses and for losses they may sustain at fires; that a competent engineer be employed, and also a steward, who could be taught how to handle an engine in an emergency. As for purchasing three or four horses, I don't deem it necessary. Arrangements can be made with almost any livery stable in town for two or three horses whenever they are wanted. But, here; if you are going to print what I have been saying, find out first what others have to suggest, for their ideas may be much better than mine. I really have not given the matter a great deal of thought, and probably some of my suggestions are not feasible."

The reporter assured the taxpayer that he would endeavor to get ideas on the matter from others interested and print them.

### Ladies Ulsters, Jackets and Cloaks.

B. Wilson, representing Gattman & Wilson, of Sacramento, agents for the Western Cloak Company, New York, has arrived in Reno, and will, on Friday, open at the Depot Hotel a full assortment of the most desirable wraps, ulsters, jackets and misses' cloaks ever displayed in Nevada. The reputation this wide awake and progressive firm enjoys in this State is a sufficient guarantee that all who purchase of their representative will get full value for their money.

### A Boon for Travelers.

A traveler who guards against sudden attacks of cold, headache, indigestion, diarrhœa, etc., ailments not infrequently brought on by changes of climate and water, is the sensible, far-seeing man. Always have handy in your valise or trunk a box of Allcock's Porous Plasters. Worn on the pit of the stomach, they will so strengthen the digestive organs that you can eat almost anything, and travel without fear of taking cold.

## THE SIPHON SCHEME.

### A Correspondent Tells How Water Can Readily be Conveyed from Lakes to Valleys Below.

FRAZIER VALLEY, TULARE CO., CAL., Oct. 29, 1887.

*Editor Gazette*: I see numerous statements in several of the leading newspapers of this State regarding the practicability of siphoning Lake Tahoe and other lakes in Nevada for the reclamation of the barren lands of that State. A few of these newspapers seem to lightly ridicule this grand proposition as a farce and a wooden nutmeg show. Without taking up too much of the valuable space in your columns, I beg to make a few simple statements as regards this siphon business. It may seem at first a bold proposition, but when more mature knowledge is manifested it will melt into simplicity like the dew before the bright morning sun.

It needs but a few simple statements to put this grand proposition aright before sceptics. I am well aware that 33½ feet elevation is the limit of vacuum gravity. Beyond that elevation, to raise a liquid substance must be applied more than simple man power, especially when other than a common suction pump or simple siphon is used. Just the height the waters of Lake Tahoe will have to be raised to carry it across the summit, as no survey has been made by me yet, I am not able to say, but sufficient knowledge on this subject has been gained to know that several hundred feet lay between the lake and the summit to be overcome by this siphon proposition. The atmospheric pressure of the surface of the ocean is 15 pounds pressure to the square inch—for more than simple man is able to overcome by a simple hand pump of more than 33½ feet. The pressure of Lake Tahoe is some 15 per cent less than at the surface of the ocean. Now when a pipe sufficiently strong is laid from the lake over the summit of a given hight and the air is drawn or forced out by the high pressure of said pipe a vacuum is formed and water will follow out of the lake up the pipe over the summit down into the valley below and continue to run, provided said valley is lower than the surface of said lake or pond; and as the Carson valley is some 497 feet lower than the surface of Lake Tahoe, when the water reaches that lower altitude it will most assuredly continue to run with force, according to this amount of depression in the valley below, allowing for friction of the water passing along the siphon pipe on its course to the valley below. Hence the utility, practicability and immense power for manufacturing purposes. Water can be taken out of the siphon 100 feet from the summit and all along down the grade by means of check valves.

I will also state that when the lakes are below the general level of the surrounding country I have devised means to take out the water in large quantities and with simple economy for irrigation purposes.

Let the scattered energy be called together in the State of Nevada to consummate these grand results for the future benefit and greatness and prosperity of your inland country, for surely you have as most lovely and congenial climate as can be found anywhere on this coast.

Very respectfully,
S. R. MATHEWSON.

## PERSONAL.

Nasby returned from the Bay this morning.

Dr. Bergstein smiles. It was No. 3—all boys.

Mrs. Bowers, the Washoe seeress, left on this morning's train for the Comstock.

Hugh J. Mohan left on this afternoon's local train for Virginia City, there to attend the Orphans' Fair.

Senator Kaiser was in town last night and left on this morning's train for his ranch in Churchill county.

P. C. Hyman and Thomas Bell, two California capitalists, passed through on last night's express train from Tuscarora. They speak very hopefully of Tuscarora's bullion output for this Fall and Winter.

### He Would and She Wouldn't.

Ben Jones, a buckaroo, is the defendant in a case which is engaging the attention of Justice Young's Court to-day, the complaining witness being Miss Sallie Milsap, one of the leaders of the *haut tow* on Lincoln Avenue, who avers that the attentions paid her by the festive buckaroo have become unbearable and have also interfered with the prosecution of her calling—a vendor of cigars and matches. Ben denies the allegations made by the fair Sallie, and Justice Young will have to decide which story is correct.

### Nevada Climate.

The following extract is from a private letter to the editor of the Carson *Appeal* from Joseph T. Goodman, of Fresno, Cal. Mr. Goodman was, in times gone by, proprietor of the Virginia *Enterprise*: "I am with you in all your attempts to boom Nevada. It will always be the State of my love, and I believe it has great possibilities which sometime—perhaps not in your or my time—will make it the Eden of America. Everybody is going for gross results nowadays—gross in a double sense—but in the better time coming, when they learn to regard quality better than quantity and an actually healthful climate more than the deceptive article of this State, they will turn toward Nevada and find that God's last reserve was His best."

### A Luxury and Necessity

For rich and poor who wish to enjoy good health, and who do not wish to resort to bitter nauseous liver medicines and cathartics, is the concentrated California liquid fruit remedy, Syrup of Figs. 50c. and $1 bottles for sale by Wm. Pinniger, Reno, Nevada.

## BREVITIES.

### Local and General News.

A milch cow with horns sawed off close to the head is in the pound.

Several prominent cattlemen are looking for ranches in the vicinity of Reno.

The total assessment roll of White Pine county for the year 1887 is $860,300.

The W. C. T. U. will meet tomorrow (Friday) afternoon at 2 P. M., at the M. E. church.

Mr. A. Banta expects to return to his old home in New York State to live and offers his home ranch here at a big bargain.

C. S. Preble has sold his lot in the Thermalito Colony at an advance of $500 over what he paid for it a few weeks ago.

Tourists are beginning to arrive in California from the East and a revival of the boom is expected by real estate dealers and others throughout the State.

The Monitor-Belmont mill at Belmont, Nye county, is crushing ore from the Barcelona mine. The leaching works were started up on Tuesday last and are running splendidly.

C. W. Booton, Reno's well-known auctioneer, will go to Carson next Monday to continue the auction sale of Olcovich Brothers. He will enliven the town for about two weeks.

Last Friday the House of Bishops of the Protestant Episcopal Church, at Philadelphia, elected Abiel Leonard, of Atchinson, Kansas, to succeed Bishop Whitaker in the new jurisdiction of Nevada and Utah.

George Petty, who was brought back from Winnemucca, charged with the embezzlement of funds entrusted to him by a fellow workman, will, in all probability, be released, as he has heretofore borne an excellent reputation.

Mrs. Howard's ranch near Reno, and which is for sale by Preble & Young, is one of the best and cheapest in the State of Nevada. All property placed in the hands of Preble & Young for sale is represented by several of the most prominent real estate dealers of California.

Hawthorne *Bulletin*: McLoughlin and Hawkins have finished boring the artesian well at John Rosser's ranch in Carson Valley and have succeeded in furnishing the Colonel with a well 225 feet deep, which delivers 40 gallons per minute two feet above the ground. This is the largest well struck in this end of the State.

### Back From Alaska.

James McQuarry, a blacksmith employed at the combination shaft shop for many years, returned to the Comstock Tuesday from a trip to Alaska. He resided on Douglass Island for six months, during which time he was in the employ of the Treadwell Mining Company. To a *Chronicle* reporter he said that the miners now employed there are all white men. They receive $2 per day and board for 10 hours' labor. Mechanics receive $4 per day. An addition of 120 stamps is being made to the crushing capacity of the Treadwell mill, which will give it a complement of 240 stamps. The mill is operated by water power. When that motor freezes steam is substituted. The ore from the Treadwell averages about $3 per ton in value, and there is estimated to be an area exposed that will keep the mill running for several years. In answer to a question if he liked the country, Mr. McQuarry sententiously replied, "I came back, didn't I?"

### The Coming Teachers' Institute.

At a meeting of the Board of School Trustees of Carson, held Tuesday, the following resolutions were adopted:

*Resolved*, That as it is the request of State Superintendent of Public Instruction, Hon. W. C. Dovey, that all public school teachers at present employed in the State should be given the opportunity to attend the State Teachers' Institute to be held at Reno during the week beginning on Monday, the 21st of November, and continuing until the Friday following, therefore we do unanimously declare a week's vacation of the schools at the time and for the purpose above mentioned with full pay for all teachers that will attend. It was further

*Resolved*, That it is the earnest desire on the part of the Board that every teacher should avail himself or herself of the opportunity and attend at least part of the time and assist to the success of the Institute, and at the same time gain a degree of knowledge which will be of great benefit to themselves as well as the schools.

### A Teamster's Shocking Death.

The Tybo stage arrived in Eureka on Tuesday night with the remains of John Montreule, a teamster, who left the Dimmock mine with a load of ore and fell under a wheel of his wagon three miles from Tybo. The right leg was mashed to a pulp from the knee to the ankle. Montreule was found alive and taken to Tybo, but there was no doctor there. His leg was bandaged, but he bled to death. He died at Hot Creek on the way to Eureka.

### Things Worth Remembering.

When you feel a kind of goneness about the stomach it is a sign that your food does not sit well and that you are about to have a fit of indigestion.

When you begin to feel nervous and are unable to sit still comfortably; when your clothes suddenly seem to lose their fit and become too tight in places the fit of indigestion is surely upon you.

When this fit of indigestion is repeated from day to day it finally resolves itself into dyspepsia.

Chronic dyspepsia will surely make the happiest life a hell upon earth.

Remember that three to ten of Brandreth's Pills will cure the worst case of indigestion or dyspepsia, or both, and that a regular course of them say two every night for a week or ten days will act as a preventive of either complaint.

THE REV. GEO. H. THAYER, of Bourbon, Ind., says: "Both myself and wife owe our lives to SHILOH'S CONSUMPTION CURE." Sold by Osburn & Shoemaker.

Hideous in Every Guise,

Whether it be the best known form, chills and fever, or else bilious remittent, double ague or ague cake, is that abominable disorder involving the liver, the bowels and the kidneys known as malaria. Every complaint classified under this generic, though erroneous appellation, is destructive of the nervous system, but is, unhappily, not to be subdued, or even checked, by the use of ordinary nervines, febrifuges or tonics. There is, however, prompt relief and ultimate cure to be found in Hostetter's Stomach Bitters, foremost among the proprietary remedies of America, and widely known in other lands. Not only disease born of miasma, but rheumatic complaints, inherited or incurred debility of the kidneys or bladder, dyspepsia and irregular condition of the bowels, are curable—nay, certain to be cured by this deservedly esteemed and professionally sanctioned corrective.

Rapid Beating of the Heart.

Whenever you feel an uneasiness in the region of the heart, a slight pain in the shoulder, arm, or under the shoulder-blade, or when you find yourself short of breath when exercising, or when your heart has periods of beating fast, you have heart disease, and should take Dr. Flint's Heart Remedy. At druggists. $1 50. Descriptive treatise with each bottle; or address J. J. Mack & Co., S. F.

Unnecessary Misery.

Probably as much misery comes from habitual constipation as from any derangement of the functions of the body, and it is difficult to cure, for the reason no one likes to take the medicines usually prescribed. HAMBURG FIGS were prepared to obviate this difficulty, and they will be found pleasant to the taste of women and children. 25 cents. At all druggists. J. J. Mack & Co., proprietors, S. F.

THROUGH THE MEDIUM OF ONE of your books received through Mr. Frank T. Wray, druggist, Apollo, Pa., I became acquainted with your CUTICURA REMEDIES, and take this opportunity to testify to you that their use has permanently cured me of one of the worst cases of blood poisoning, in connection with erysipelas, that I have ever seen, and this, after having been pronounced incurable by some of the best physicans in our county. I take great pleasur in forwarding to you this testimonial, unsolicited as it is by you, in order that others suffering from similar maladies may be encouraged to give your CUTICURA REMEDIES a trial. James A. Richardson, Custom House, New Orleans, on oath, says: "In 1870 Scrofulous Ulcers broke out on my body until I was a mass of corruption. Everything known to the medical faculty was tried in vain. I became a mere wreck. At times could not lift my hands to my head, could not turn in bed; was in constant pain and looked upon life as a curse. No relief or cure in ten years. In 1880 I heard of the CUTICURA REMEDIES, used them and was perfectly cured." Sworn to before U.S. Com. J. D. Crawford.

ONE OF THE WORST CASES.

We have been selling your CUTICURA REMEDIES for years, and have the first complaint yet to receive from a purchaser. One of the worst cases of scrofula I ever saw was cured by the use of five bottles of CUTICURA RESOLVENT, CUTICURA and CUTICURA SOAP. The Soap takes the "cake" here as a medical soap.

### For Sale.

**$13,650.** A. Banta's ranch located about five miles southeast from Reno is offered for sale. It consists of 455 acres, which will be sold at $ 0 per acre, or for $13,650 and on easy terms of payment. There is on the place a good house of eight rooms, two barns and other buildings. The place has plenty of fine irrigating water and as many as fifty springs of excellent drinking water. The ranch yielded this year 350 tons of hay, and pasture valued at not less than $1200. The total valuation of this year's yield is not less than $3,600, and some one year's yield has amounted to as much as $5,000. As the ranch consists chiefly of pasture and meadow land, the expense of running the place is exceedingly small. The ranch is especially desirable as a stock range and for this purpose would yield a handsome profit on the amount invested.

**560** ACRES; 100 acres enclosed by a substantial fence; 90 acres under fine cultivation; balance wild land—good for pasturage. Will cut 250 tons alfalfa this year. Two acres of young and bearing orchard; good seed land.

**Perfect Title to 56 inches of Water.**

New two-story house of three rooms hard-finished; good barn. Situated 3½ miles from Reno.

Price, $6,000—$2,000 down, balance on time at reasonable interest.

**3,000** ACRES under substantial fence. ABUNDANCE OF WATER FOR IRRIGATION.

300 acres in wheat, barley and alfalfa.

Controls an immense outside range for cattle or sheep.

$2,000 WORTH OF HORSES, MARES AND COLTS.

All kinds of farming utensils.

Machinery, Wagons, blacksmith shop, etc. etc.

Plenty of water close by.

Ranch lies 20 miles south of Austin.

This would make one of the best stock ranges in the state.

Price, $15,000. Easy terms of payment given.

**80** ACRES OF LAND under improvement; good buildings and fence; 70 acres in alfalfa; choice orchard—600 bearing fruit trees; 5,000 nursery trees; good well. Situated ½ mile from the C.P. railroad depot, Reno.

**40** ACRES OF LAND; 26 acres in alfalfa; 1,750 forest trees, all under fence. Situated ¾ mile from railroad depot, Reno. Rolling land, beautifully situated for residences.

FOR SALE—House and lot on east side of Virginia street, one door north of Fourth street; lot 50 by 140; house of five rooms. A very desirable locality.

FOR SALE—Lot 129.5 ft. by 140 ft., on east side of Virginia street, opposite residence of B. F. Leete. This is a very desirable piece of property.

**LOOK AT THIS.**

**Not Only an Absolutely Safe Investment, but one in Which you must Make Money.**

One block of land in Sacramento City, subdivided into 16 lots (five already sold and one reserved for premium to be drawn for by the 15 buyers when all are sold) 40x160 feet, with alley 20 feet wide. Situated between 29th and 30th, T and U streets; one block from proposed electric road to Oak Park tract, just outside the city; two blocks from suburban trains recently put on for the convenience of the people living in this growing part of the city; five blocks from the Highland Park Tract Railroad.

This is a high, level block, and the streets around it, as is the case with six other blocks adjoining, are to be graded at present owner's expense.

There are now being constructed on a tract just sold, three to five blocks further out, 12 new dwelling houses. Each improvement in this direction enhances the value of all adjoining property. The price of lots ranges from $250 to $335, and will be sold on the following terms: One-fourth cash, balance in instalments of $10 per month, with interest at 8 per cent.; 8 per cent. discount for cash. A person who knows all about the property, and whose judgment we respect, says: "These are certainly the cheapest lots in Sacramento to-day, and I believe will more than double in value before next September."

Also several large properties in Truckee meadows; properties at Stockton, San Jose, San Francisco and Alameda.

Mines bought and sold. The firm has numerous correspondents who are dealers in mining property.

## THE BIGGS & FARIS RANCH.

## One of the Finest Bodies of Land in California.

THIS PROPERTY CONSISTS OF 1,937 ACRES OF LAND SITUATED IN BUTTE County, Cal., 73 miles north of Sacramento. The land lies one and a half miles along Feather River, one of the largest rivers in California, and runs thence westerly for from a mile to two and a half miles. On the south end the land lies one and a half miles to the town of Biggs; the central part lies within three miles of the flourishing town of Gridley. Both towns are on the California & Oregon Railroad, the through line from San Francisco to Portland, Oregon.

The county road from Gridley to Oroville passes through the land. It is an exceedingly rich alluvial soil, capable of a very high state of cultivation. It can be irrigated from the Feather River, although irrigation is not necessary, as crops without irrigation have been raised successfully for twenty-five years. There are 200 acres of low hill land, which is most excellent soil for vines. The land is well timbered with huge white oaks, one oak in particular measuring thirty-six feet in circumference four feet from the ground.

The wood alone is very valuable, it being estimated that if cut into cordwood it could be readily sold for the total sum of $40,000.

The land is all cultivated and produces thirty-five bushels of wheat, or sixteen sacks, to the acre, and fifty bushels of barley. It will raise without irrigation eight tons of alfalfa to the acre. The land is within the citrus belt, and all kinds of citrus and deciduous fruits do well.

This is the best fruit land in the State of California and should be devoted to that purpose. There is a two-story house, also barns and outbuildings on the place as well as two small orchards.

The total yield this year from this place in grains, fruit and pasturage has been about $45,000. The owners have realized from rents alone $16,000 this year.

It lies well for cutting up into small tracts. It can be cut into 80-acre tracts, which will sell readily at $100 per acre. If colonized and cut into smaller tracts we believe it could be sold for double that amount.

Title perfect—confirmed Spanish grant of 80 years. This property is for sale at $145,000; one-third cash, balance one, two and three years at 8 per cent.

Similar land in this vicinity is rated at $100 per acre.

SHEEP STATISTICS.

A Few Facts and Figures of Interest to Wool-Growers.

The report of Colonel Switzler, Chief of the Bureau of Statistics on Wool and Manufacturers of Wool, is ready for distribution. It shows that the number of sheep in the United States increased from 19,000,000 in 1840 to 51,000,000 in 1884, but declined to 45,000,000 in 1887. This marked decline occurred mainly in the Southern and Western States, and is attributed to a decline in the price of wool since 1884. Great Britain being the leading wool market of the world has always been the principal market for our purchases of wool. Turkey and Russia have also been important sources of direct supply, but the Argentine Republic is now next to Great Britain our source of supply, followed by Australasia.

Our imports of wool rose from 1,715,699 pounds in 1822 to 114,038,030 pounds in 1887. The increase in wool imports has about kept pace with the growth of our wool products, both having about doubled since 1860. A series of tables illustrates the increase in the products and exportations and relations between the two, as for example: From 1864 to 1868 161,000,000 pounds were produced, and 420,000,000 imported; from 1874 to 1878, 198,000,000 pounds were produced and 45,000,000 imported; from 1882 to 1886, 297,000,000 pounds were produced and 92,000,000 imported. From 1823 to 1831 the annual imports of wool in manufactures averaged over $9,000,000 in value, or more than 71 cents per capita, while from 1832 to 1841 they reached over $14,000,000, or 84 cents per capita.

The value of our woolen product of 1850 was $25,000,000, in round numbers, and of our imports $19,000,000, both together being about $1 95 per capita of our population. In 1860 $39,000,000 in value were produced and $43,000,000 imported, together being about $2 65 per capita. In 1870 the product reached $110,000,000 and the importations $35,000,000, being $3 75 per capita. In 1880 the product had grown to $164,000,000 and the imports were valued at $31,000,000, being $3 91 per capita.

Thus while our products of woolens has increased since 1850 nearly seven-fold our imports have increased about 62 per cent, but the consumption per capita has doubled, which, the statistician says, indicates in a striking manner the advancement of wealth and comfort in the style of living among the people of the country.

Statistics of imports and exports of woolens in the trade of foreign countries show that the United Kingdom is foremost in the foreign trade in wools, the imports during 1885 amounting in value to $49,000,000 and the exports to $115,000,000. France comes next, with imports of $49,000,000 and exports of $78,000,000. Germany imports $25,000,000 and exports $51,000,000.

There has been a large decline in the woolen trade of Great Britain since 1874, as shown by the exports as follows: Exports from 1870 to 1875, $787,000,000; from 1870 to 1884, $548,000,000, showing a decline of $239,000,000, or 30 per cent between the periods. This decline is attributed in part to high foreign tariffs, which it is claimed shut out the manufacturers of Great Britain from foreign markets.

**Russian Trotters.**

An exchange says: Russian trotters outrank those of every other quarter of the globe, the United States excepted. It is claimed by some that for pluck and endurance those of Russia will compare favorably with the best of those produced in America. It may have no influence upon the trotting of that country, yet it is a curious fact that Gray Diomed, one of the best sons that Diomed got before coming to this country, and according to Frank Forrester, one of the most celebrated horses that ever ran in England, where he ran with as great success as Sir Archy and others of Diomed's descendants in this country. The Russians were so highly pleased with Gray Diomed that they sent to England and brought several of his get from that country to Russia.

**Get There, Eli!**

Cheyenne Journal.]

If there ever was a time in the history of the cattle business, both east and west, when brains should come to the front and assist in the working out of surrounding problems, it is now—just now. There is not a feeder in the land who has a dollar to his credit from the results of his past years' feeding and the farmers and ranchmen are simply working for nothing. The time is ripe for a closer union of the farmers, stockmen and the great herd owners. There are brains in the business and dollars to back them, but there is no union of action. The great ship rides on the waves of old ocean when the winds sweep around in gales and the billows roll mountain high and carries its cargo safely into the harbor. Why? Because every joint and connecting timber is secured and firmly bolted. Though made up of thousands of separate pieces it weathers the storm as one combination. So the cattlemen and farmers who raise cattle must come together as one great whole. They must be united with bolts and these bolts must be riveted at both ends so that there can be no drawing apart.

DR. C. W. HIGGINS the well-known specialist, has opened an eclectic medical dispensary in his elegant parlors at No. 30 West Third South street, Denhalter Block, Salt Lake City.

## DR. C. W. HIGGINS,

**Roscopic and Analytical Physician,**

Has practiced in Salt Lake City fourteen years, and the wonderful and well-established cures he has effected in that time prove the scientific principles on which his remedies are compounded. The mode of forming a diagnosis by the aid of the microscope enables him to detect the primary cause of disease and effect a radical cure. The doctor has cured thousands of cases of Nervous Debility, Mental and Physical Weakness, Loss of Manhood and Nervous Prostration, the result of early indiscretions and excesses, and will forfeit five hundred dollars for any case taken under his treatment which he fails to cure.

Syphilis, Gonorrhœa, Gleet, Stricture, and all old lingering diseases which vitiate the blood and impair the system thoroughly and permanently cured.

My treatment is sure, certain and specific.

Office hours from 10 A. M. and from 2 P. M. to 8 P. M.
